

INVITATION TO HOST THE 20th EWRS SYMPOSIUM IN 2025

Dear EWRS members,

As you all know, EWRS Symposia are the major events of the European Weed Research Society and the next one will be held in Athens - Greece from 20th to 23rd June 2022. Such a big and highly regarded symposium represents the most important forum of our Society for meeting, interacting, and discussing weed science-related issues with scientists from across Europe and around the world.

The 20thEWRS Symposium is scheduled for 2025. If you are interested in hosting this important event, please send a Letter of intent (by e-mail) to Prof.Dr. Hüsrev Mennan (hmennan@omu.edu.tr) before 01 May 2022.

To give the EWRS Scientific Committee a sound basis for evaluating the received proposals, please indicate:

- The requirements (visa, health insurance, etc.) to enter your country;
- The situation, size, and facilities of the venue;
- The accommodation facilities for participants (estimated cost range);
- Estimated conference fees;
- The public transport facilities (international connections, e.g. airports, railway stations, etc.);
- The names of the institutions and local EWRS members who are willing to actively participate in the Programme Committee;
- Any other issues that might play in favour of your suggested venue;
- The applying symposium host needs to demonstrate that they have the capacity and experience for the planning and administration of organizing such a large and high-profile international event.

The EWRS Scientific Committee will actively contribute to organize the Symposium in close connection with the Local Organizing Committee. As usual, all EWRS Working Group coordinators will offer their assistance to put together the Scientific Programme of the Symposium. The venue selected to host the 20th EWRS Symposium will be announced during the closing session of the 19th EWRS Symposium (Athens, Greece, 20-23 June 2022).

I look forward to receiving your proposals.

Prof. Dr. Hüsrev Mennan

EWRS Scientific Secretary
